Dear John,

Just want very briefly but sincerely to tell you how much I appreciate your taking the time to spend a day with us. This was our first opening to academia at your level and it was a great help to us to be able to talk with you in such a relaxed and informal way.

Beyond that, I most appreciate the clear support that you have been and are giving us. As I said to you when we were together, I don't in any way want to endanger the status of the American academic community because we certainly need a full but proper relationship between that community and our intelligence activities.

I hope we will be able to sit down together again before too long. In the meantime, again many thanks.

Yours,

STANSFIELD TURNER
